Color	cleaner "unique" color
Odor	slight to none
pH	1.00 (concentrate material)
Specific gravity	1.16 ± .2
Active ingredients	35.5% ± 0.5%
% solid	35.5% (minimum)
Flash point	none
Biodegradability	biodegradable surfactants
Dilution ratio	ready to use
Storage stability	one year minimum
Packaging	5 gal. carboy plastic (meets all UN. Corrosive Spec.)

APPLICATION: Make test panel before general cleaning.

Exterior Cleaning

Protect non-masonry surfaces. Beware of drift. (Follow label instruction for detail procedure and pre cautions.)

1. Pre-wet the concrete.
2. Apply diluted or concentrate. Determine this from prior testing material with soft fibered masonry brush or low pressure spray (10 to 20 psi).
3. Let set for 2 to 3 minutes. Reapply. Do not let cleaning solution dry on concrete.
4. Rinse off with water or pressure washing equipment. (3 gal. per minute at 400 to 600 psi) To avoid streaking keep lower area wet at all times.

Continued on back

Interior Cleaning

Provide adequate ventilation. Protect floor with poly film or other method. If water hose cannot be used, use sponge or brush for rinsing. Thorough rinsing is a must.

LIMITED GUARANTEE

Price Research, Ltd. has no control over the storage, handling or use of this product, thus the guarantee is limited to the purchase price of the defective material only.
