PRODUCT DATA

M-202 PLASTER BOND

PRODUCT NAME: M-202 PLASTER BOND - A BONDING AGENT FOR PLASTER,
STUCCO OR CONCRETE

MANUFACTURER: PRICE RESEARCH, LTD.
3511 Stadium Drive
Kansas City, MO 64129
Phone: (816) 924-5955

PRODUCT DESCRIPTION:

M-202 PLASTER BOND is a white liquid, resinous, water emulsion, of latex base which has excellent adhesive strength and dries to a thin flexible film. This dried film is non-toxic.

MEETS MIL SPEC MIL-B019235 (Docks) Bonding Compound, Concrete, Dated 12 December 1955; issued by the U.S. Navy Bureau of Yards & Docks.

Very few products meet these specification. This product is not recommended for areas subject to constant dampness. (See PRICE ACRYL 600 or PERMAWELD-Z for that purpose.)

AVAILABILITY:

Available through your dealer or contact Price Research, Ltd., Kansas City, Missouri or it's authorized sales representative for your area.

TECHNICAL SERVICE:

Call Price Research, Ltd. at (816) 924-5955 and ask for Technical Service.
