PRODUCT DATA

STOP FLAG™ ANTI-FLAGGING ADHESIVE ADDITIVE

STOP FLAG™ is a paste additive developed to eliminate flagging, one of the perennial problems of the outdoor advertising industry. Originally developed for use in the the very humid southern states **STOP FLAG™** works well in all parts of the country.

Since some companies are now posting less frequently than normal, **STOP FLAG™** can help maintain a quality plant appearance.

HOW TO USE:

1. Prepare paste in the normal way.
2. Add **STOP FLAG™** while mixing paste. Mix thoroughly.
3. Paste is ready to use.

DOSAGE

- A. Add 4-lbs. (1/2 gallon) of **STOP FLAG™** to 100 gallons of prepared paste. Mix well.
Or...
- B. Add 2-lbs. (1 quart) of **STOP FLAG™** to 50 gallons of prepared paste. Mix well.
Or...
- C. Add 1-lb. (1 pint) of **STOP FLAG™** to 25 gallons of prepared paste. Mix well.

TECHNICAL DATA

Form Liquid
 Color Light Blue
 Weight8-lbs. / gallon
